Fig. 1 was published incorrectly in the print issue. Please see the correct version below. In Fig. 1, Fig. 2, Tab. 2 and Tab. 3 the correct unit for VEGF-A in serum and plasma is ng/l.

Fig. 1 Boxplots of serum **a** and plasma **b** VEGF-A levels in controls (n=99) and patients with type 2 diabetes (n=302). (Color figure available online only).
