Meeting No. 645 of the Biochemical Society

Topics:

Transmembrane phospholipid asymmetry and membrane fusion/neurotransmitter release/RNA unwinding and editing/biochemistry education in medical studies/glycogen metabolism/glyoxylases metabolism/free radicals scavengers and anti-ischaemic agents

President:

Robert M. Dale

Organization:

The Biochem. Soc., London, Großbritannien

Information:

The Biochemical Society, 59 Portland Place, London, W1N 3AJ, Great Britain, Tel. 0044/71/580/5530

Erratum

Activation procedures and akathisia

The paper on "Experimental Psychopathology in Biological Psychiatry and Psychopharmacology" by W. Gaebel et al. in *Pharmacopsychiatry* 25, 1992, p. 71–72, was printed with an inadvertent error. On page 72, second paragraph, line 16, please read: Motor activation clearly decreases the symptoms of akathisia, mental activation had no effect in one study and increased akathisia in the other.
