The publisher regrets an error in the text of the above article in *Seminars in Neurology*, Volume 28, Number 1, 2008, p. 65. In the last paragraph, at the bottom of the first column, the text reads as follows:

Progressive multifocal leukoencephalopathy has also emerged in association with rituximab therapy for **rheumatoid arthritis**, typically in patients exposed to other immunosuppressive agents. ⁸⁶

The corrected text should read as follows:

Progressive multifocal leukoencephalopathy has also emerged in association with rituximab therapy for **systemic lupus erythematosus**, typically in patients exposed to other immunosuppressive agents. 86
