Clinical School

Course 18 Liver Imaging

Bologna, Italy, June 7–9, 2012

Online Application Deadline: March 28, 2012

see: http://www.easl.eu/_events/easl-school/easl-clinical-school-of-hepatology-course-18-liver-imaging

The aim of this course is to offer training in clinical research relevant to hepatology. The school targets young fellows enrolled in hepatology-oriented departments or more experienced clinicians who want to be exposed to the newest trends in hepatology.
