### Organoselenosilane-Mediated Selective Mild Access to Selenolesters, Selenoanhydrides and Diacyl Diselenides

Antonella Capperucci,\* Alessandro Degl'Innocenti,\* Caterina Tiberi *Synlett* **2011**, 2248.

We noticed that in Table 1, entry 6 R is incorrect. The correct R group is *i*-Pr and not *n*-Pr. Further, in Scheme 3 the correct formula of product **4** is Me<sub>3</sub>SiSeSiMe<sub>3</sub> and not Me<sub>3</sub>SiSeSiH<sub>2</sub>Me<sub>3</sub>. We apologize for these mistakes and for any inconvenience it may have caused.
