New Concepts, Experimental Approaches, and Dereplication Strategies for the Discovery of Novel Phytoestrogens from Natural Sources

Thomas Michel, Maria Halabalaki, Alexios-Leandros Skaltsounis

Planta Med 2013; 79(07): 514–532

DOI: 10.1055/s-0032-1328300

○ Fig. 2 was changed.

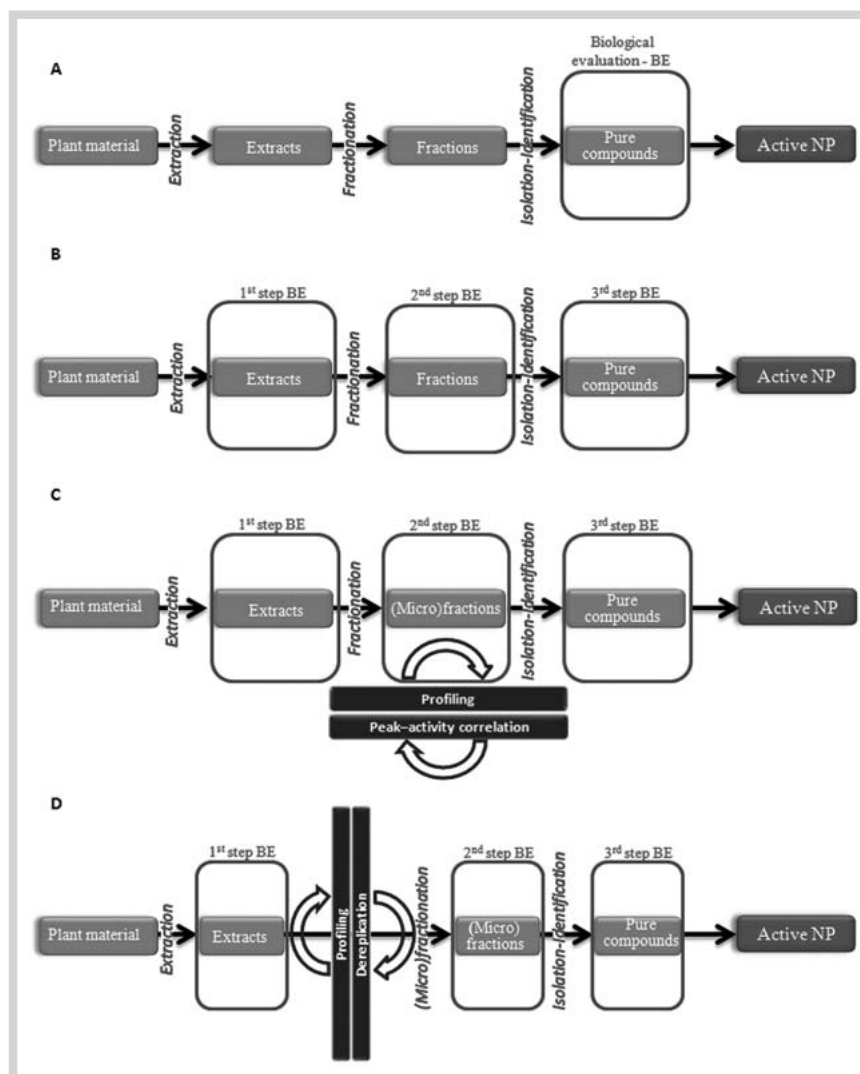

Fig. 2 Traditional and modern approaches for the discovery of bioactive natural products from natural sources. **A** Traditional approach. **B** Bioguided isolation approach. **C** Target-based approach (micro-fractionation approach). **D** Structure-based dereplication driven strategy. NP: natural product. (Color figure available online only.)
