The sentence 'The geometry of the iminium salt and mechanism of the reaction was justified by the formation of a key aqua complex composed of 18 molecules of H₂O and 6 molecules of C₆F₅SO₃H' contains a mistake.

The correct version should read 'The geometry of the iminium salt and mechanism of the reaction was justified by the formation of a key aqua complex composed of one molecule of H₂O and three molecules of C₆F₅SO₃H'.
