

V. Ananikov and co-authors

Happy Golden Anniversary to the outstanding synthetic journal!
We wish you another 50 years of molecular beauty and organic
reactions discovery!

Happy 50th anniversary SYNTHESIS.
Congratulations on 50 years of important
contributions to organic chemistry.
Wishing you continued success in the future.

Ihyong Ryu

Happy birthday and all the best
over the next fifty years !

I. Ryu

M. Taillefer

We congratulate SYNTHESIS
to its 50th anniversary!
Over the years we have been
regaled with fascinating
and sometimes astonishing
preparative strategies.
Continue to prosper as in
the past!

M. Westerhausen

H. Gröger

Dear SYNTHESIS -team,
many congratulations to the
50th anniversary of
SYNTHESIS (!!),
a journal which accompanies
me since my student time as
an inspiring source of exciting
synthetic organic chemistry.
It's everytime a pleasure to
read and publish therein!

Harald Gröger
Bielefeld University

Stuttgart, November 27, 2018

Dear Members of the SYNTHESIS Team,

Happy Birthday
on the occasion of the 50th anniversary
of SYNTHESIS. It is a great pleasure
for us to contribute to the
GOLDEN SYNTHESIS Anniversary Special Issue.
All the best for the future,

Yours
Sabine Lendt

T.-P. Loh

Happy Birthday Synthesis!

*With an interplay of Physical
Organic Chemistry and Organic
Synthesis we cordially congratulate
SYNTHESIS on its Golden Anniversary*

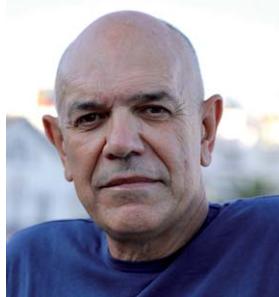

Hubert Mayr Armin Oflal

L. Ackermann

*Happy birthday, Synthesis!
All the best wishes for
the next 50 years.
Armin Oflal*

Happy 50th anniversary!
Long live to Synthesis...
Antonio M. Echavarren

A. Echavarren

S. Zard

Wishing you all the best
on this tremendous occasion—
& looking forward to continued
success! M.S.

M. S. Sigman

Warmest congratulations to
Synthesis and its Editorial
Team on the occasion of this
50th Anniversary, and best
wishes for continued success
and service to the community.

Happy 50th Anniversary!
Here is to many GOLDEN
moments ahead!

E. Hevia

Congratulations! 50 years at the top of synthetic chemistry. Here's to the next 50 years.

Robert Mulvey

R. Mulvey

Happy 50th Birthday!

My first Synthesis communication appeared in 1973 (pp. 215-6) and favorite papers on O-silylated ketene acetals in 1981-2 (1981, pp. 451-2 and 1982, pp. 1089-91).

All the best for the future of Synthesis.

The Golden Anniversary for SYNTHESIS is actually the celebration of enthusiasm, constant rejuvenation, trust, commitment and tenacity. The order of these ingredients may change over time, but the high standards of quality and competence remain constant.

With all my admiration,
