ERRATUM

The authors would like to make modifications to the participants' age range in the above article in *Applied Clinical Informatics*, Volume 8, Number 4, 2017 (DOI: 10.4338/ACI-2017-06-RA-0090).

1. In Abstract, Results, sentence 1, "Participants were **36 to 90** years old, mean age (SD) of 67 (14) years, predominately male (76%), and white (95%)" should read as "Participants were **36 to 86** years old, mean age (SD) of 67 (14) years, predominately male (76%), and white (95%)."
2. In Results, para 1, sentence 1, "Participants' age ranged from **36 to 90** years, with a mean (SD) of 67 (14) years, and were predominately male (76%)" should read as "Participants' age ranged from **36 to 86** years, with a mean (SD) of 67 (14) years, and were predominately male (76%)."
3. In Meaningful Applications for the ICD Data Summary, para 1, sentence 5, "As the participants in this study ranged in age between **36 and 90** years, it is worth noting that the interest in more complex data tracking seemed to be more common among younger participants" should read as "As the participants in this study ranged in age between **36 and 86** years, it is worth noting that the interest in more complex data tracking seemed to be more common among younger participants."
