Hellenic Society for Ultrasound in Medicine and Biology

HSUMB Educational Program of 2016

HSUMB participated and organized an Educational Ultrasound Seminar in cooperation with 2 **National Congress** during the first half of the year 2016. The first took place on May 12, 2016 during **the 42nd Panhellenic Yearly Medical Congress**. There were 34 participants, mainly general physicians who were introduced to the basic rules of ultrasound and had the opportunity to have hands-on experience under the guidance of our specialized instructors

The second seminar was held within the context of the 22nd **Scientific Congress of Medical Students and New Doctors in Greece**. Participants were 30. Brief presentations of Ultrasound Applications in the Upper and Lower Abdomen, Thyroid and Breast and most importantly FAST protocols and Emergency US were followed by hands-on training workshops where the students and new doctors had their first ultrasound scanning experience.
