

A. Naaz et al. *Effect of Ovariectomy on Adipose Tissue of Mice in the Absence of Estrogen Receptor Alpha (ER α): a Potential Role for Estrogen Receptor Beta (ER β)*. *Horm Metab Res* 2002; 34: 758–763

Figures **4a**, **4b** and **4c** were printed in black and white but should have been printed in colour as shown below:

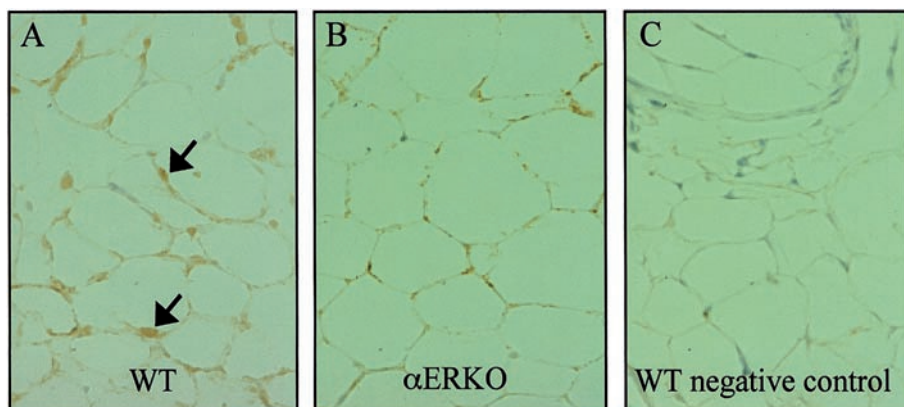

Fig. 4 Immunostaining for ER β in adult female mouse parametrial adipose tissue from WT (A) or α ERKO (B) mice. Specific staining for ER β was seen in nuclei in adipose tissue from both the WT and α ERKO mice (arrows), while the control sections incubated with preimmune serum from the same sheep (C) did not show nuclear staining.
