

## Erratum

### Amino-Claisen versus Oxy-Claisen Rearrangement: Regioselective Synthesis of Pyrrolocoumarin Derivatives

Krishna C. Majumdar,\* Buddhadeb Chattopadhyay *Synthesis* **2008**, 921.

Reaction arrows were incorrectly placed within Scheme 3. Furthermore, the cyclization of intermediate **6** to give the product pyrrolocoumarin derivatives **4** was described as a 5-*exo-trig* process, both in Scheme 3 and the accompanying text, but should be referred to as a 5-*exo-dig* cyclization. The corrected Scheme 3 is given here.

**Scheme 3** Probable mechanism of the amino-Claisen rearrangement
